

EduCluster Finland

EduCluster Finland (ECF), **University of Jyväskylä Group**, engages in global operations pioneering expertise over the entire Finnish educational spectrum.

The **Finnish education concept** is internationally acclaimed for its impressive track record in producing high-ranking student performance, while nurturing well-being for individuals and communities. The **ECF approach** takes this concept, reinventing it for contexts and cultures worldwide.

A **Finland International School** a long-term relationship which encompasses all aspects of the school; staff, curriculum and operational plans, buildings, furnishings etc.

A **Finnish Inspired School** a consultancy project for schools that would like to adopt some Finnish methods and practices into their operations.

Teacher's professional development program inspires teachers, sparks their curiosity, and equips teachers with practical tools to implement in their classrooms.

Global impact

250+

Different kind of projects implemented with our partners

300+

Skilled and innovative Finnish teachers have worked in our international projects and partner schools over the years.

11

Finland International schools

5

Finnish Inspired Schools

75

Countries influenced by Finnish knowhow and knowledge through ECF

We are looking to collaborate with organizations—such as **schools, educational networks, municipalities, cities, and companies**—that share our commitment to strengthening teaching and learning and understand the long-term benefits of investing in education system.

Ms. Sanna Nummela, Service Director, TVET
