

# WHAT IS UNIVERSITY OF HELSINKI HY+?

- A fully-owned company of the internationally esteemed University of Helsinki, the oldest (est. 1640), largest, and highest-ranked higher education institution in Finland.
- Provides continuing education and development services for both organisations and individuals in Finland and abroad.
- All services are developed in close collaboration with the specialists of the internationally esteemed and highly ranked Faculty of Educational Sciences.
- An evidence-based track record in creating individually designed training programmes, and managing various development programmes to enhance the capabilities and competences of its partnering organisations.

# HOW CAN HY+ HELP YOU?

- Globally, HY+ offers services particularly for the educational sector and helps organisations that are keen on developing their functions through education.
- The services cover early education, basic education, higher education, and lifelong learning.

# WE ARE LOOKING FOR...

- **Public sector partners**, such as ministries, education authorities and local governments, who are aiming to reform or improve their education systems through evidence-based and sustainable solutions.
- **Educational institutions and universities** seeking collaboration in curriculum development, teacher training, pedagogical leadership, or digital learning innovations.
- **International development organisations and donors** involved in capacity building and education sector reform, particularly in Global South countries.
- **Private sector actors** interested in co-developing training programmes, scaling digital education solutions, or investing in professional development.
- **Organisations seeking a trusted academic partner** for large-scale education projects or EU-funded and multilateral cooperation.
