

STUDY IN FINLAND

Finnish National Agency for Education

WELCOME TO FINLAND!

HAPPINESS

An adventurous and safe Nordic country with top-of-the-list higher education system, Finland embraces education for better life and a brighter future for everyone.

Finland

- leader in education
- green and innovative country
- technology powerhouse
- safe and well-functioning society
- European Union (EU) country

NATURE-LOVING

Ready for a Nordic adventure?

With a highly functional society and flexible studying options to adjust your work-life-balance, studying in Finland leaves you time to explore the unique nature of this land of over 180 000 lakes, 40 nature parks, northern lights and four seasons.

HIGHER EDUCATION IN FINLAND

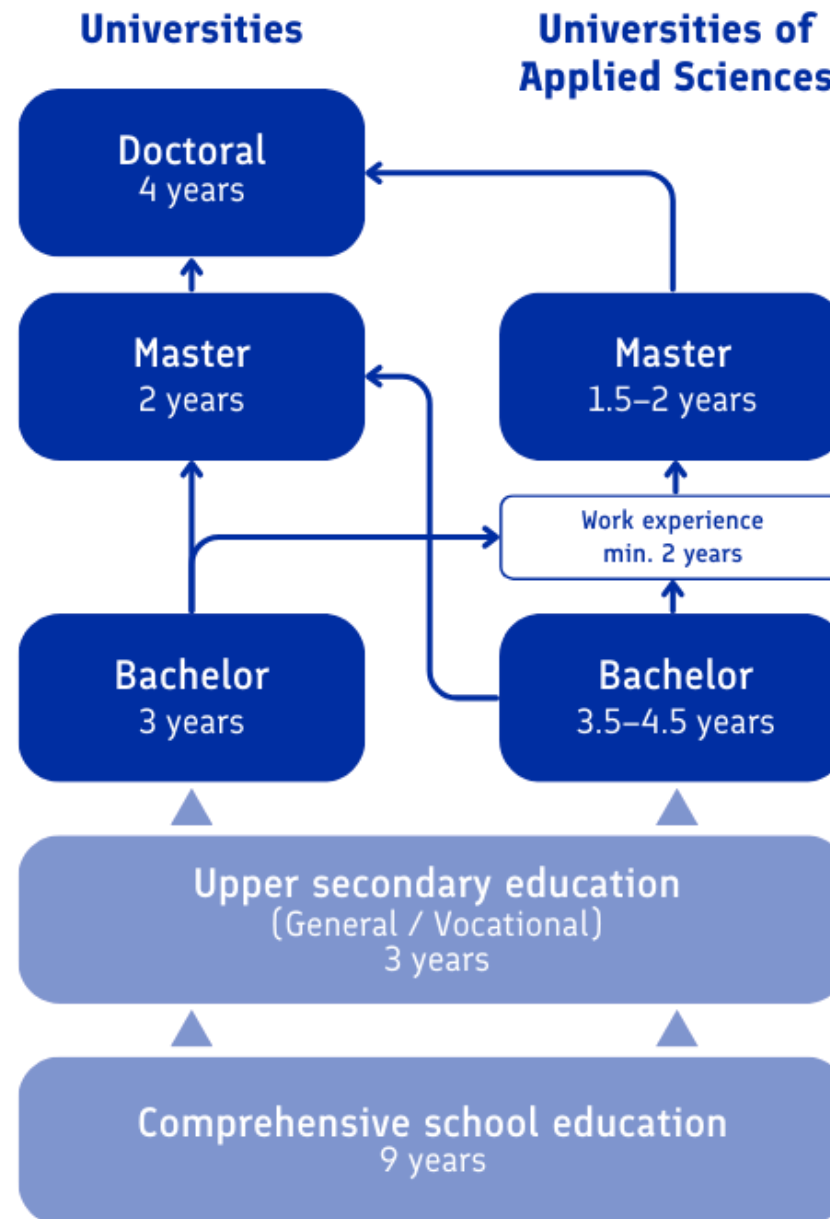

Two complementary sectors

The 13 Universities conduct scientific research and, based on this, offer all levels of academic degrees – bachelor's, master's, and doctoral (PhD).

The 22 Universities of Applied Sciences (UAS) offer pragmatic education on bachelor's and master's level, responding to working life needs.

Finnish higher education system

- Flexible study paths
- Continuous learning

INSPIRING

Ready to take your education and career to new heights?

Finland offers over 600 bachelor's and master's degree programmes taught in English.

Become the independent and creative professional the future workplaces need.

ADMISSIONS

English-taught degree programmes

Finnish universities offer over 600 fully English-taught bachelor's and master's programmes you can choose from.

Find your dream programme at
www.studyinfo.fi

When can you apply?

- Application periods may vary, so always check with the university!
- Most English-taught degree programmes have their annual applications open between the time from November to January

Apply online

- Studyinfo.fi
- Non-EU/EEA students: application fee 100€
- Also see the universities' own admissions info pages

INFORMAL

Studying in Finland is all about embracing unconventional ideas, keeping hierarchies low and driving positive change.

A free and fair democratic country with an outstanding higher education system, Finland offers an informal atmosphere for studying and innovating together.

STUDYING AND LIVING COSTS

Tuition fees

If you are from outside the EU, you are subject to tuition fees in English-taught bachelor's and masters.

Your annual tuition fee depends on the degree programme, varying between 8000€ and 20.000€ per year.

Scholarships

Scholarships in Finland are offered by the individual universities.

Check with the university of your choice what kind of scholarships, fee waiver or early bird discount options they have on offer.

Living costs

- You are expected to cover your own living costs
- For accommodation, food, transport etc. you'll need 900-1200€ per month, depending on the location

STUDENT RESIDENCE PERMIT

Apply for your residence permit

Once you've received your admission decision you should start your residence permit process as soon as possible!

You'll need to have valid insurance and proof of financing.

Start the permit process online

Your five steps to study in Finland

1 CHOOSE YOUR PROGRAMME

Find your preferred study programmes on the Studyinfo.fi database, or on the Finnish universities' websites.

2 CHECK THE PROGRAMME DETAILS

Review the admissions process, the application deadlines, tuition fees, and the scholarships the university may offer.

3 APPLY FOR ADMISSION

Follow the university's instructions! Make sure you apply on time and that you have included all the required documentation.

4 WAIT FOR ADMISSION RESULTS

Waiting can be the hardest part! If you are admitted, remember to accept your study place.

5 PREPARE FOR ARRIVAL

Apply for your student residence permit. Arrange your student housing, and buy your ticket to Finland!

LIFE IN FINLAND

Finnish or Swedish language studies

Even when your degree is offered in English, you can usually add Finnish or Swedish courses into your studies.

Knowledge of the local language helps you in connecting, advancing your career and simply feeling at home in Finland.

After your graduation

You can apply for a two-year post-graduation residence permit to look for work or to start a business in Finland.

Join your university's alumni network!

STUDY IN
FINLAND

Doctoral studies and research

Visit the universities' doctoral admissions pages for info on how to proceed.

The universities can best advise you on research funding matters. Paid doctoral positions also exist.

INVESTMENT

Make a smart move – whether you're looking for a career in high tech, fine arts or anything in between, studying and working in Finland is a great value for investment.

The world-famous startup scene, green transition and international companies offer plenty of opportunities to make a difference through work.
